

RCHS SENIOR INFORMATION

August 2014

College-Bound Seniors

- * It is not too early to apply to college! Most colleges and universities have their application online. Go to the school's website and apply TODAY!
 - * Meet with college representatives when they visit your school.
- * If you haven't picked a college yet, narrow your list by visiting schools and talking with students who attend those schools. You should probably talk to your parents, too!
 - * Review the admissions process for each school in which you are interested.
 - * Watch for scholarship deadlines and early admissions dates!
