March 2020

~READ, WHITE, and BLUE~

March is the month to celebrate Read Across America. We would love for everyone to join us on **March 26th from 5:00-7:00 pm** for Read, White, and Blue Night and our 5th grade American History Museum. In PreK-2nd grade we will have engaging activities that will go along with a theme book chosen for each class, celebrity readers in each of those classes, and even a few book characters dressed up for fun! You and your child can enjoy a fun night together. Our 3rd and 4th grade classes will be showcasing all things America such as important symbols and landmarks. Third grade will be showcasing the student's work and serving an American tradition of apple pie and Coke. Fourth grade will have American landmark photo props that will be available for pictures. Our 5th grade students will be portraying people of American history and will showcase their learning through character dress and speeches. There will be pizza, nachos/cheese, popcorn and drinks. Everything \$1.00 or less! Each family will receive one ticket to get a free game. Come out and help us celebrate Read, White, and Blue!

F.Y.I.

- **March 16th**— Kindergarten Registration (3:00-5:30 pm)

Countless Memories to Remember!

by: Sophia Wren C. Tweitto

Memories. How do you make sure to not forget the memories you have made? Do you always take pictures of events that happened to remember them? As you may know, yearbook sales are going on now until the first week of March. Students are encouraged to purchase a yearbook in order to preserve the memories from this year. Right now, I will express my fervent opinion about why students should purchase a yearbook. Clearly, buying a yearbook can preserve memories and bring happiness to your life.

Without a doubt, one reason students should purchase a yearbook is because it can preserve memories. To start, you can reflect the memories you, your classmates and your friends have made by traveling through the pages and seeing their pictures in the yearbook. To explain, you can remember when you and your friends had fun together, and the amazing things ya'll have done. (Who can say no to that?) Also, you can reflect on the superb memories you and your teachers have made by the assistance of the yearbook. For example, you can remember how great they were at teaching, and how kind they were to you. To close, by just buying a yearbook it can preserve the wonderful memories that would surely make your day!

Moving right along, students should obtain a yearbook because it can bring happiness. First of all, you'll smile while looking at your friend's picture because of how he or she treated you kindly this year, and how great they are as a friend. To further explain, you will also smile because of how fabulous this whole school year was and by seeing all the people in the yearbook would certainly bring joy in your life. (You will also be happy because you bought the yearbook!) More Specifically, you'll also chuckle extremely because of how funny you look in the yearbook. For instance, you maybe had a bad hair day in the yearbook or maybe how hilarious your outfit was that day, or maybe you might see comical Halloween costumes. In conclusion, by buying a yearbook it can bring happiness to your life.

When all is said and done, I've expressed my fervent opinion of why students should obtain a RSES yearbook. As I've shared, having a yearbook can preserve memories and bring happiness. Now, are you ready to purchase a yearbook and remember the countless memories you have made! Get yours today!
